

# **Innovation Summer Internship @ Innovation Hub Schiphol Group**

**Calling all innovators to join us on our mission  
to explore and shape the future of aviation!**

# **We are on a mission to shape the future of the Multi-modal transport Hub**

**How do we select future travel modalities in order to incorporate them seamlessly into our network?**

# What?

**An 8-week on site Summer internship program**

# When?

**From the 27<sup>th</sup> of June till 18<sup>th</sup> of August**

# How?

**Working in a team setting on a worthwhile and meaningful case for Royal Schiphol Group**

# What else?

- Land- and airside excursions
- Educational workshops (hard & soft skills)
- A True Schiphol experience guaranteed!

**"Fostering innovative & creative thinking on future focused projects while learning to work in an industry setting."**

Zahra Merchant, MSc Strategic Product Design, TU Delft

**"Not only did I get to peek behind the curtain of the modern airport industry, but had a lot of fun doing so with my epic team. The Innovation Hub offers a great environment for fresh ideas and creative thinking; exactly what you need to build your vision of the future."**

Walid Brachmi, BSc Aerospace Engineering, TU Delft

# Come meet our team!

We are eager to meet you &  
explore if there's a match!
